Enable Sport

Giving children a sporting chance

A common barrier for young disabled athletes to participate in sport is lack of money for specialist equipment.

Our Enable Sport Programme provides specialist disability sports equipment to support the development of talented children so that they can participate in competitive sport.

We provide a range of equipment giving young athletes the opportunity to develop their skills and progress in all types of sporting activities at local, national and international levels.

“The equipment provided by Enable Sport has been instrumental in my success.”

Hollie, World Junior Javelin Champion

How you can help

Become a Project Ambassador / Corporate Sponsor

A commitment of £100,000 will fund the Enable Sport initiative for 12 months and support children across the country in their sporting ambitions, ensuring that they have the equipment they need to reach their full potential.

£20 a month

can provide the equipment needed for a disabled child to compete in a Boccia tournament.

£2,000

can provide an aerodynamic sports wheelchair designed to allow disabled athletes to compete in short and long distance races

£4,800

can provide a bespoke football powerchair, designed to give disabled players the speed and agility to compete at the highest level
