# Multi Sensory Equipment

## Dark Den

This is an invaluable piece of equipment for children who can become overwhelmed. Create a stimulation free place in your home and your child should benefit from the quiet time they spend inside. Consists of 12 poles (8 connectors).  
Size: 1m cubed.

---

## Space Projector

The space projector rotates coloured oils to produce moving patterns. The image can be directed onto ceilings or walls. A powerful visual effect for tracking and colour work. Available in blue/yellow. Operates on 240v. Spare lamp available from Spacekraft - Part No 35113.

---

## Bubble Tube Pump

An industrial quality bubble tube pump that enables users to empty their bubble tube with ease.

## Sensory Centre

Ideal for use in any multi-sensory room or darkened environment. The Centre has three sensory items of equipment, which are activated by pressing their own colourful switches. Three jack sockets allow you to use your favourite switch. Acrylic mirrors enhance the sensory effects and the black carpet platform is tactile and warm to the touch.

---

### Contents:

1 x Bubble Tube - H 650mm

1 x Fibre Optic Sideglow and Lightsource - L 1,000mm

1 x UV light - W 300mm

1 x Set of UV Linelite Tubing, Magic Rods and UV Coloured Shapes

Size: W 1,000mm x L 400mm x H 800mm.

# Mixed Light Equipment

Bubble Tube with Colourful Fish

## Interactive Bubble Tube (1 metre)

The interactive Bbubble tubes come with a 5-way button switch which allows control of colour and bubbles. It starts in automatic sequencing mode, which can be speeded up or slowed down. It is ideal for encouraging awareness through cause and effect, turn taking or ready-steady-go. Operates on 240v transformed to 12v. Size: 1,000mm.

Bubble Tube Plinth (Purple)  
Cushioned soft play plinth.  
Size: W 900mm x L 900mm x H 300mm.

## Bubble Tube Acrylic Mirror (x 2)

Acrylic Mirrors are ideal for giving an all round illusion of space and enhance your bubble tube effect perfectly. Supplied with fixing plates. Size: 900mm x 900mm. Each mirror H 1,200mm x W 900mm

## Colourful Bubble Tube Fish

A set of 12 colourful fish that rise to the top of your bubble tube by the power of the bubbles and then gently float back to the bottom to start their journey again. Visually captivating, great for tracking.

## Bubble Tube Pump

An industrial quality bubble tube pump that enables users to empty their bubble tube with ease.

## Fibre Optic Sideglow

A spray of acrylic fibres that constantly change colour along their full length. Safe to handle. The constant colour changes encourage the focusing of attention and are particularly useful for the partially sighted as they provide visual stimulation. Size: 150 strand x 2m.

## Mini LED Lightsource

This mini LED lightsource technology provides a slow, calming colour changing light for your fibre optic sideglow. Ideal for wall fixing. Operates on 240v transformed to 12v. Size: W 80mm x L 190mm x H 70mm.

# Tactile Equipment

## UV Musical Tactile Panel

This colourful and visually-arresting panel is filled with tactile items to explore with your hands or feet, and everything glows brightly under a UV light. Eight hidden shapes act as switches which generate an electronic sound when pressed – eight banks of sound are available, presenting 64 audio options. The sound control panel is mounted in the side of the panel: press the 'select button' to change the sound banks and adjust the volume accordingly. The UV Musical Tactile Panel is powered by mains supply transformed to safe low voltage. Size: 750mm Diameter.

## High Power UV Light

This directional UV light produces a stunning vibrant effect from its 192 LEDs. Modes include sound activation and 100% to 0% dimming. Operates on 240v.

Size: H240mm x W360mm x D90mm

UV Musical Tactile Panel

## UV Ripple Mat

Woven from colourful plastic strips, this large flexible mat glows intensely under UV light.

Easy to clean and durable, this mat makes a great addition to any darkened environment and encourages exploratory play.

Size: W1000mm x D1000mm

## Sensory Bag

A fantastic resource to brighten up your sensory room.

Bag size: H450mm x W350mm.
